

# Organize an Outstanding Workshop@Lorentz Center

Want to get down to the real issues and move forward together with your fellow scientists? We cordially invite you to organize a Lorentz Center workshop.

It was never easier or more fun!

## Scientific Scope

- Cutting-edge science
- International
- Natural sciences and technology (also combined with humanities or social sciences)
- Monodisciplinary or multidisciplinary

## Workshop Format

- Open and active interactions
- Ample time for discussion
- Small groups on invitation (up to 25 or 55)
- Experienced as well as upcoming scientists, also as organizers
- Typically 5 days
- Realization 8-16 months after application

## We provide

- One dedicated staff member for all practicalities
- Feedback on your idea and format
- Funding, total about 13 k€ per week (partially in kind)
- Meeting rooms, offices for participants and common room
- 24/7 access to the Center and quick response ICT support
- Easy access by car, train and air (1/2 hour from Schiphol airport)

## You provide

- A daring scientific topic
- A good crowd
- A concise proposal (what, who, why and how)

**Deadlines: 15 January, 15 May and 15 September**

## Information

Contact: [Henriette Jensenius](#) or any member of our [Scientific Advisory Boards](#).

*You focus on the science, we do the rest*
